Grants Programme addressed to Doctoral Thesis to be undertaken in the UPC (FPI-UPC / FPU-UPC)

- **Universitat Politècnica de Catalunya**
- 2 years of scholarship + 2 years of training contract (it will deduct the awarded periods from other similar scholarships)
- During the grant period: 1.142€ gross monthly (12 monthly salary) and during the contract period: 1.173€ gross monthly (14 monthly salary)
- Oriented to complete a Doctoral Thesis
- Accredit to be admitted in Doctoral Programme
- The final degree mark must be equal or above to (1,6)
- To be enrolled in a Doctorate Programme or in a Master in the Universitat Politècnica de Catalunya.
- Persons already in possession of a doctorate cannot apply
- Registration public price in the official post-grade studies (official doctorate or masters) and thesis tutorial. This grant will just be effective for those first-time registered credits. In any case the tax imports will not be covered, and neither the academic prices or courses expenses higher than 32 credits for doctorates programmes RD 778/98, or those higher than 60 credits ECTS for universities masters, during two quarter of the awarded grant.
- All aspiring candidates must apply for any grants issued by the Ministry of Education (FPU-MED) and the autonomous Government of Catalonia (FI-B) for university teacher training purposes during each academic year. The candidates will also ensure that they meet the prerequisites laid down in these grant calls. Additionally, the candidates are responsible for applying for any other grant or scholarship which may be published. If they are then awarded one of these scholarships, the UPC grant will automatically be cancelled. If this requirement is not met the grant awarded will be terminated immediately.

- There are no mobilities associated to these grants, otherwise requesters can apply for research stay grants abroad Catalonia (BE-DGR).
